EDUCATION

University of Massachusetts Amherst — Amherst, MA
Isenberg School of Management
Bachelor of Business Administration in Finance — Expected May 2028
Dean's List: All Semesters — GPA: 4.0

Relevant Coursework

- Fundamentals of Finance, Financial and Managerial Accounting, Business Data Analysis, Microeconomics, Macroeconomics, Business Information Systems, Business Law, and Financial Modeling

EXPERIENCE

Centrifuge Equipment Services — **June 2025 – August 2025**
Finance Intern — *Dubai, United Arab Emirates*

- Maintained and reconciled financial records for 1,000+ inventory parts using Oracle Cloud ERP and Excel, supporting accurate month-end reporting and improving data accuracy across reporting cycles
- Processed and reviewed approximately 150 monthly invoices, identifying and resolving pricing, quantity, and documentation discrepancies to improve payment accuracy and strengthen vendor account reconciliation
- Assisted with month-end close by reconciling 5 accounts and preparing financial schedules for management review
- Organized and standardized 3,000+ transaction records, improving record accessibility and invoice reconciliation

Oilfield Supply Company — **June 2023 – August 2023**
Operations Intern — *Khobar, Saudi Arabia*

- Coordinated workflow and tracked performance across a team of 30+ employees, supporting productivity, procedural compliance, and timely completion of daily operational tasks across multiple departments
- Identified 4 operational bottlenecks and recommended workflow changes to reduce delays across daily operations
- Standardized Excel reporting for productivity, attendance, and performance across three operational functions

FBA Global Consulting — **October 2022 – February 2023**
Apprenticeship — *Manama, Bahrain*

- Analyzed financial and operational data for 3 client engagements, supporting strategic planning recommendations
- Prepared financial summaries, transaction documentation, and presentation materials for 5 client meetings, enabling consultants to communicate strategic recommendations clearly to senior client stakeholders more effectively
- Reviewed and organized 100+ financial records, improving the accuracy and accessibility of client documentation
- Supported a clothing business engagement by evaluating revenue, expenses, pricing, and growth opportunities

ACTIVITIES & PROJECTS

Apple Three-Statement Model & DCF Valuation (GitHub) — **July 2026**

- Built an integrated Excel-based three-statement model using five years of historical data (2021–2025) and three years of projections (2026–2028), linking the income statement, balance sheet, and cash flow statement
- Developed revenue, margin, working-capital, capital-expenditure, and share-count assumptions to forecast earnings, cash flow, and Apple's financial position under multiple growth scenarios while evaluating operating performance
- Performed a DCF valuation using WACC and terminal-growth sensitivity analysis, and created an executive dashboard to present revenue, profitability, and free-cash-flow trends for data-driven investment decision-making

Finance Society Club — **September 2025 – May 2026**

- Led and contributed to weekly market briefings; highlighted macro trends, sector movers, and key data releases
- Built Excel-based financial models to analyze market trends, sector performance, and valuation assumptions
- Coordinated with sector teams to produce one-page research briefs and detailed meeting recaps
